Write a shell script to check whether a number is greater than, less than or equal to another number entered.

Program

```
echo "Enter a number to get checked"
read a
echo "Enter the number be get checked
with" read b if [ $a -gt $b ]
then
echo "The number is greater"
elif [ $a -lt $b ] then
echo "It is smaller" else
echo "it is equal to the number"
fi
```

Output screenshot

```
Enter a number to get checked
4
Enter the number be get checked with
5
It is smaller
```
